

State Mandate ~ COVID Vaccine

Governor Brown Mandates all Educators to be Fully Vaccinated

On August 19th, [Governor Brown announced that all educators, support staff, and volunteers must be fully vaccinated](#) by October 18th or six weeks after the vaccine receives FDA approval, whichever is later. This mandate allows for religious & medical exemptions; definitions can be found [here](#). The rules of these exemptions are still being created.

Where to get Vaccinated ~ Lane County

The COVID-19 Vaccine is free of charge and widely available throughout Lane County at many pharmacies & health care provider offices. Here is a link to [Lane County's Website](#) with links to pharmacies, health providers, vaccination forms, and info on third doses.

Timelines ~ Getting you to October 18th

With the Food & Drug Administration (FDA) approving [full authorization of the Pfizer COVID-19 Vaccine](#) timelines for educator & support staff vaccination becomes all more important. Counting back from the October 18th timeline the below is provided to assist in planning when a first dose should be received depending on CDC recommendations.

- [Moderna](#): (28 days between shots): Sept 6th
- [Pfizer](#): (21 days between shots): Sept 13th
- [J&J](#): (single dose): Oct 4th

People are considered fully vaccinated 2 weeks after their second dose of Pfizer or Moderna vaccines, or 2 weeks after the single-dose J&J vaccine. The above timeline is for information purposes only and shouldn't be considered a substitute for information provided by your primary care doctor.

Questions? If you have questions about applying for an exemption to the vaccination mandate, reach out Human Resources via email:
